What your tailor?

Don't trust entirely to appearance. Clothes often look alike without being alike.

Show-window clothes may look like custom-tailored clothes—in the show-window only.

But on close inspection the superiority of the clothes made to measure by our Chicago Tailors

Ed. V. Price & Co.

will reveal a fitness of workmanship that will make you decide in our favor. Quality is so apparent and the cost so modest that the best dressers select these clothes without question. Let us have your measure.

HOUSE FAVORS STATE SCHOOLS

**FIRST SKETCHES INDICATE
HEAVY MAJORITY AGAINST
ABOLISHING ANY.**

Oklahoma City, Ok., Feb. 27.—The House probably is not in favor, on its own initiative, of abolishing any of the state educational institutions, if the vote taken on the institutional appropriation bill today is an indication. Two reports were called up, the majority recommending lump appropriations for all institutions, the total of which reaches about \$1,750,000. There was a minority report by Messrs. Morris and Cummings, elimin-

nating a number of schools and reducing the appropriation total about \$500,000. By a large vote, the house adopted as a working basis the majority report. Mr. Morris said tonight he would offer amendments on the floor which would reach the desired end if adopted, and declared that the vote in adopting the majority report did not reflect the House sentiment.

Another vote which might have a bearing on the House temperament came when the Committee on Public Buildings reported "do not pass" the resolution by Mr. Smith of Pottawatomie authorizing appointment of a commission to initiate a bill with a view of abolishing twelve state schools. Mr. Smith made a speech, asking that the bill be placed on the calendar for House action, and this was ordered by a vote of 45 to 42. Next came the bill by Mr. Berry to abolish the normal schools at Ada, Durant and Weatherford, with an unfavorable committee report. The author's efforts to have the bill put upon the calendar was defeated by a vote of 35 to 32.

Benefits by Suicide's Will.

New Orleans, La., Feb. 23.—With the probate of the will of John Wright, the White Children's Orphanage of this city today received the fund left by the man who committed suicide Feb. 14, in a spectacular manner before the eyes of a number of women and children. Wright hung a mirror on a sign board in a vacant lot in a fashionable section of the city and shot himself twice before passersby could interfere. Beside the body was a letter requesting that his money, which had been left in a safe deposit box, be given to the orphan's home. The amount was \$721.

THE LAW SAYS:

DOUBLE HEADER BASKETBALL GAME

**NORMAL FACULTY BEATEN BY
CLOSE MARGIN—SOPHOMORE
GIRLS WINNERS.**

The normal faculty came back last evening—almost—in a hot game of basketball with the students. The professors evidently remembered the first game somewhat like a Texan remembers the Alamo, and when they appeared on the floor it was with blood in their eyes. The game was a fast and furious one and when the first half ended the score was 14 to 12 in favor of the faculty.

However, towards the end of the second half they seemed to lose some of their wind and the boys caged the ball for substantial gains, the final score standing 25 to 21 in favor of the boys. The fact is those boys are marvels and they played an A1 game.

or they would have been snowed under. The victory is one of which they may well be proud. The only disappointing feature of the game was the fact that neither of the faculty subs, Profs. Sears and McMillan had an opportunity to show what they knew about playing.

The game between the sophomore girls and the other classes was also a hard fought one, and as indicated by the closeness of the score the game was often in doubt. At the end of the first half the score stood 4 to 4, but in the second half the sophomores succeeded in putting it over their opponents. The final score was 8 to 5.

PRIZE TEAM HANDLES HOLDUP MEN ROUGHLY

Chicago, Ill., Feb. 28.—When John Rowan, a driver and collector for the Cudahy Packing Co., was held up by two armed robbers today he expected to lose \$180 of the firm's money which he had in his possession, but Rowan drives a team of horses that took a prize at the last show in the truck class, and as a consequence, are supposed to "rise to emergency" more quickly than the ordinary stable brake. The horses lived up to specifications, biting one of the holdup men who had seized the bride and knock-

ing him down, then running away and running over the second.

The encounter was at Colfax avenue and Ninety-Third street. By the time the frustrated holdups picked themselves out of the snow Rowan and his prize team were half a mile away.

Arthur Herrick also a driver for Cudahy, was held up at the same place two weeks ago and robbed of \$57.

A PROBLEM.

Not one man in fifty reaches the age of 60 without becoming a "problem" to his relatives. The Howe in Fort Worth Record.

And the more money he has and the more uncertain the terms of his will the greater the problem he becomes. We once heard the affectionate nephew of a rich old bachelor complain that "looked like the old devil never would die."

SERBIAN SOLDIER KILLED BY GRIEF, NOT BULLETS

London, Feb. 28.—The Daily Telegraph's Belgrade correspondent sends a touching story of a young Serbian who returned from St. Louis to fight for the fatherland.

His name is Milosavitch, and before coming home to enroll himself under the Serbian banner at the outbreak of the war he had become betrothed to a pretty St. Louis girl. Milosavitch passed through all the battles until he fell, seriously wounded, on the field at Monastir. Meanwhile his devoted sweetheart in America grieved at his departure, became a prey to despondency, and some weeks ago she died, having made a will in which she left all her money to her fiancé.

The news of her death reached Milosavitch as he lay in hospital at Monastir. The blow was too much for him. He had no desire to outlive his intended bride and three days ago he breathed his last, holding a photograph of his sweetheart in his hand.

MAXWELL

My, My, this is a cold day. So different from last Sabbath. A cold north wind, with occasional sleet falling. But with all this the Rev. Mr. French of Vanoss, the Methodist preacher in charge of this work made his appearance late in the evening and preached to a fair sized congregation at night. This is the first time Rev. French has met our people. I think he made a favorable impression in his first sermon and hope he will be able to bring the Methodist church to the front as we have some good people here who adhere to Methodism.

Our school is organizing a basketball team which if successfully managed will be of great advantage to those who believe in progress and a diversification in the sports of life. Owing to the many applications of transfers to our school, several have been refused admission. It is to be hoped that this will not be the case another year.

The grand jury has met and adjourned. Who dares to say that the soothing effects are not being felt? Let us have more grand juries and a few more murder cases may be brought to light.

Our legislature began apparently in earnest to make a clean probe. We hope the white wash barrel will run dry before the time comes to apply it to big men higher up.

The fine imposed by the judge on the editor of the Kansas City Star goes to show that judges are not infallible. The Press is the sentinel on the tower—the guardian of Liberty in America and when it is intimidated and afraid to give warning, then begins a curtailment of liberty. I know that men can be found always ready to apologize for the tyranny of those in power. These are the characters of men who are now trying to overthrow constitutional government in Mexico.

S. J. Haynes has returned from Pontotoc where he has been at work putting in some new land. He will have 60 acres of new ground for this year's crop and next year will add considerably to this. In a few days he will return to Indiana.

A Tillman county farmer has very productive soil on his place. He said that they had to mow the grass off the sod house floor every day to find the baby. One family near him had twin babies, with only one cradle, and the kid that had to sleep on the floor grew twice as fast as the other. Where the soil is richest a man dares not stand on one foot any length of time lest that leg become longer and bothers his walking.

Chiquita, the famous little lady who is filling an engagement at the Majestic, captivated the entire audience last evening, for nothing had been misrepresented in the statements made concerning her, and despite the inclement weather, it is certain that she will be greeted by a still larger house this evening. This afternoon she paid the News a little visit, and presented the editor with her photo, saying that since he was an old bach she was not afraid of arousing any jealousy and making trouble for him at home.

Life or Death is the title of an exciting drama that will be presented at the De Sota this evening. It shows the heroism of a doctor who risks his life in an open boat in a rough sea as he seeks to reach his island home with serum with which to combat the dread meningitis. Their First Baby is a laughable comedy in which the father is suspected of kidnapping his own child. A Modern Romeo is another rich one.

The weather man hit it exactly right when he scheduled snow for today. About 8 o'clock this morning the fleecy flakes began to fall, and for most of the time from then until 3 o'clock it continued to fall. Had it not melted to some extent, it is probable that the ground would have been covered to a depth of three inches. A cloudy day is promised for tomorrow.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back The Natural Color

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is old-fashioned "sage tea," which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

FORMER OKLAHOMA EDITOR COMING TO THE FRONT

Okla. City, Feb. 28.—The political friends and enemies of L. T. Russell, formerly editor of the Ardmore Democrat, and active in the affairs of Oklahoma at the time of the constitutional convention and during the campaign of 1908, will be interested to learn that he is high in the favor of Governor Wilson of New Jersey. In relinquishing his present office to assume the duties of the presidency, the governor, has just made a number of appointments, one of which, a membership on the state tax board, goes to Mr. Russell. The appointment is for a period of five years at the annual salary of \$3,500.

Mr. Russell opposed bitterly the selection of Hon. C. H. Haskell as treasurer of the national democratic committee from which position the latter resigned in the course of the controversy which followed. Mr. Russell has, since leaving Oklahoma, been conducting the Elizabeth Times, one of the New Jersey papers which have been prominent in their support of Doctor Wilson from the beginning of his meteoric career in politics.

Your Appearance Speaks for Itself

It is the duty of every one to look their very best. Putting the best foot forward is not only pleasing, but it is good business.

Your income and its amount has a great deal to do with the way you can dress, but not everything. Almost as much depends on how you spend your money. If you buy as the impulse strikes you it is a certainty that you will not always get full value. Your buying should be done with forethought. You can gain full knowledge of when, where, and what to buy in a few moments' time each day.

It takes no longer than that to go through the advertisements of the merchants of this city, the best of whom advertise in THE NEWS. Read these advertisements closely and constantly each day, then you can be sure of getting the best that money can buy at the lowest price for which it can be sold.

STILL AFTER BALLARD DR. MAHR UNDER FIRE

Oklahoma City, Feb. 28.—The official scandal which has been blazing higher and higher the last few days had fury added to its flames Thursday by several sensational developments from the various investigations by legislative committees and the Oklahoma county grand jury. The day's developments were as follows:

The Wright division of the Emanuel house committee made a report to the house of representatives in the Ballard case, implicating him in an alleged \$200 bribery case, and specifically reciting details of the affair of "The woman in the case."

Miss Nannie Gwinn, license clerk in Ballard's office, testified before the Maxey committee Thursday night. The nature of her testimony was not disclosed.

The J. Roy Williams division of the Emanuel committee is said to have struck "pay dirt" in its examination of the state commissioner of health's office, and the name of Dr. J. C. Mahr state commissioner of health, must now be added to those under fire.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend. It is more eloquent in its action than all

the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the cords, muscles, ligaments and tendons that nature calls into play; they expand gracefully without pain, without strain, and thus leave the mind care-free and in joyful anticipation of the greatest of all womanly ambition.

Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with nausea, pain, nervousness and dread banished, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby.

Mother's Friend can be had at any drugist at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished few in the medicine cabinet.

Mother's Friend is prepared by the Bradford-Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor.

Write them for a very instructive book to expectant mothers. See that your drugist will supply you with Mother's Friend.

NORMAL NEWS.

(By Mollie Cassidy.)

Prof. R. G. Sears is in charge of the normal in the absence of Pres. Briles, who is expected back tomorrow.

Tomorrow is the last day of this term and pupils who live here will have to classify next Monday or lose their grade for Tuesday's recitations, as classes will be held all day. So take note and enroll Monday.

Today marks a new epoch in normal history. 10 boys have organized a string band to do serenading during the summer nights. The members are Glen Hardin, Clifford Jones, Austin Brown, Merle Sears, George Fentem, W. H. Cox, Ernest Cassidy, Andie Huber and Harvey Black.

The sophomore team did beat, but owing to the fact they had four first team players it is not unreasonable to account for the catastrophe. The

"bunch" has challenged the Sophs. for another game. So we may yet see the score card turned.
